Group Leader Signature & Date

PRIVACY STATEMENT

Information about you: how we use it and with whom we share it

The information you provide will be held and used by the Pirbright Institute, through its UK Veterinary Vaccinology Network, to assess your application for funding, for processing any funding award that we may make to you and for payment, maintenance and post award administration of any UK Veterinary Vaccinology Network travel bursary made to you.

The UK Veterinary Vaccinology Network is using this information about you because it is necessary as part of its assessment of your application for funding, for processing any UK Veterinary Vaccinology Network funding we may make to you, for payment, maintenance and post award administration of any UK Veterinary Vaccinology Network funding award made to you and because you have given your consent to the use of your personal information by the University for this purpose.

Information about you will be shared with the Biotechnology and Biological Sciences Research Council, who are funders of any awarded grant, and with members of the UK Veterinary Vaccinology Steering Group and external reviewers all as part of the review process of applications for funding.

The Pirbright Institute will hold your personal information in accordance with the following retention schedule, upon the expiry of which we will destroy your personal information.

Unsuccessful grant applicants : application forms, CVs, review notes, correspondence and related papers, including notes from all members of the IVVN network management board who review application forms	6 months	After completion of the specific funding call
Successful grant applicants: application form, CV, offer and acceptance letters, financial reports, scientific reports, correspondence and papers related to the project and/or grant award	5 years	After completion or termination of the project funded by the grant award

We do not use profiling or automated decision-making processes. Some processes are semi-automated (such as anti-fraud data matching) but a human decision maker will always be involved before any decision is reached in relation to you.

If you have any questions, please contact the UK Veterinary Vaccinology Network Coordinator, Madeleine Clark enquiries@vetvaccnet.ac.uk

Data sharing

In addition to the primary purposes, we are also legally obliged to share certain data with other public bodies such as HMRC and will do so where the law requires this; we will also generally comply with requests for specific information from other regulatory and law enforcement bodies where this is necessary and proportionate.

Transfers outside the EEA

The University will only transfer data to countries outside the EEA when satisfied that both the party which handles the data and the country it is processing it in provide adequate safeguards for personal privacy. Details of such transfers and safeguards are on our website.

Your rights

You have the right to request access to, copies of and rectification or (in some cases) erasure of personal data held by the Pirbright institute and can request that we restrict processing or object to processing as well as (in some cases) the right to data portability (i.e. the right to ask us to put your data into a format that it can be transferred easily to a different organisation). If you wish to make use of one of these rights, please email your local contact.

If we have asked for your consent in order to process your personal data you can withdraw this consent in whole or part at any time. To withdraw consent, please email your local contact, who will explain the consequences of doing so in any particular case and initiate proceedings for withdrawing consent.
